Welcome to Old Field

A residential incorporated village well known for its stunning beaches, historic lighthouse, and especially many old-growth trees that contribute to its beauty and serenity

To provide for your safety and security, please keep these telephone numbers handy:

- Village Clerk 631-941-9412
- Code Enforcement Office 631-941-9410
Call/Text 631-514-4351
- Fire & Ambulance 631-941-4441
or 911
- Police 911

There are open spaces and connected bodies of water for all residents to visit, including:

Old Field Lighthouse Grounds
Kaltenborn Common
Whitehall Beach
Flax Pond

For more information about our village history, local government officials as well as Old Field Village Code and amenities, please visit the website. Please consider providing your e-mail to Village Hall to facilitate communication.

*Please help us sustain this unique area
and enjoy a “green life” now and for many years.*

To protect the old-growth trees for which the Village of Old Field is well known, the Board of Trustees has for many years reviewed and updated the village code, part of which reads, “There is a direct relationship between the preservation and planting of trees and vegetation and the health, safety and welfare of village residents...”

When thinking about structural renovations or revitalizing surrounding landscapes, please consider the valuable role of trees:

- Noise Reduction
- Cooling Shade
- Enhanced Air Quality
- Carbon Sequestration
- Wildlife Habitat
- A Private Rural Atmosphere

The village Environmental Conservation Commission (ECC) was established to assist the Board of Trustees on all matters affecting the environmental conditions in the Village.

To that end, the Board of Trustees and the ECC discourage the destruction and indiscriminate removal of trees and other woody vegetation. With limited exceptions, the Village Code requires residents to obtain a permit before removing trees or substantially clearing their property (see Old Field Village Code, Chapter 108). Residents who have questions about whether or not a permit is needed should contact Village Hall to arrange for a site visit by one or more members of the ECC.

Whenever a tree is removed, please consider replacing it with another tree, preferably one that is a native species. The ECC can provide a list of native species to residents and their landscaping contractors.

*Failure to obtain a permit for unpermitted tree
removal or clearing may result in enforcement
action and significant fines.*
